Soundsphere® Model Q-CS Low Ceiling Loudspeaker Installation in Closed Finished Ceilings and Walls

Before proceeding ensure that there is adequate clearance behind the ceiling or wall for the loudspeaker

1. Mark the cutout for the Model Q-CS using the shipping carton insert hole as shown below (the template hole is the largest hole in the insert). Cut the hole.

2. Position the speaker in the hole and mark eight (8) mounting screw hole locations. Remove the speaker and drill the mounting screw holes.
3. Using appropriate fasteners, secure the speaker to the ceiling or wall.

Check local codes for additional mounting requirements
